Washington, DC 20554

Re: Universal 911 Dialing – Final Report

Dear Mr. Maher:

This Final Report is respectfully filed to notify the Commission that Verizon has completed its implementation of basic 911 service by September 11, 2002 in the counties listed in Appendix D of the Commission's Fifth Report and Order, Carrier Transition Reports for the Implementation of 911 Abbreviated Dialing Code Pursuant to the Wireless Communications and Public Safety Act of 1999 (911 Act) 17 FCC Rcd 22264(2001).

The Commission should note that Verizon has sold its telephone exchanges in three states as follows:

1. Verizon completed the sale of its local telephone exchanges in the State of Alabama to CenturyTel on July 1, 2002.¹
2. Verizon completed the sale of its local telephone exchanges in the State of Kentucky to AllTel on July 31, 2002².
3. Verizon completed the sale of its local telephone exchanges in the State of Missouri to CenturyTel on August 31, 2002³.

Verizon continued the activities necessary to implement basic 911 services in these states up to the dates that the exchanges were transferred to the purchasing carriers. After

¹ Alabama: Green County.

² Kentucky: Cumberland County and Lewis County.

³ Missouri: Barry, Benton, Douglas, Hickory, Oregon, Osage, Ozark, Shannon and St. Clair Counties.

the dates listed above, final implementation was the responsibility of those carriers. Consequently, exchanges in those states are not included in this report.

Please contact me if you have any questions concerning this report.

Sincerely,

Marie Breslin
